

The Silver Academy
Central PA's Jewish Day School

Annual Report

2018
2019

What a pleasure it is to be a part of The Silver Academy!

Thank you to all who have made it possible to continue the vision of Rabbi David L. Silver, of blessed memory, who recognized the need for a Jewish Day School in Central Pennsylvania and the Harrisburg community. Thank you to our generous donors, volunteers, amazing faculty and staff for their endless time and energy. Thank you to our parents for sending their children to OUR school and recommending The Silver Academy to other families.

The past school year was full of so many wonderful memories and highlights. Our students enjoyed field trips to Hersheypark for Sukkot and Fort Hunter to learn about Native American life. They also attended

Elementary School Field Trip to Fort Hunter

The Harrisburg Symphony, and an

Open Stage of Harrisburg presentation of “The Diary of Anne Frank”.

The students undertook various *mitzvah* projects. They made cheerful

Ganeinu Donates to the JFS Food Pantry

cards for residents of The Jewish Home; Ganeinu collected *tzedakah* to purchase and donate food to the Jewish Family Service food drive; Middle School organized a book drive that resulted in over 1,000 books being

donated to The Dauphin County Library System and the United Way of the Capital Region; The Music Club performed “Peter Pan” for the residents of The Jewish Home and

Book Drive

the Seniors group at the JCC. Our students saw democracy in action as they listened to campaign speeches and held Student Council elections. They participated in the rally at the Capitol with Teach PA, and met with elected officials to advocate for Jewish community safety and EITC funding. They hosted speakers on a variety of topics including Law and the Environment, the roles of Jewish Family Service, The Jewish Federation, and the JCC in our community. They

EITC Rally at the Capitol

were also active in the community; they performed at the Capitol’s Chanukah celebration, made *Mishloach Manot* for students in the JCC Early Learning Center, hosted a Model Seder with the Seniors group at the JCC, and joined the community for the *Yom HaAtzmaut* celebration. They participated in STEM activities with a guest scientist from our community, who taught them how to extract DNA from a strawberry, participated in a global movement called Hour of Code, learned to control Ozobots through sensors and coding, and entered

Capital Area Science & Engineering Fair

in the Capital Area Science and Engineering Fair (with one of our students taking 1st place and being selected as a Nominee for the 2019 Broadcom Masters Award). Their year culminated with *Siddur* and *Chumash* parties

Israel Trip

and our 7th and 8th graders visiting Israel after their years of studying its culture, history and language. For some students this had been a nine-year journey since Ganeinu. We had an amazing year!

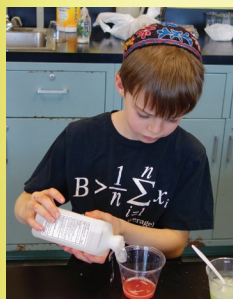

We are proud at The Silver Academy to have the opportunity to educate 48 students this 2019-2020 school year! We are thrilled that our numbers are stable and with our continued outreach to surrounding Jewish communities, we are certain to see those numbers increase. We see the endless potential in our students and are proud to provide them with the foundation to flourish in high school, college, and the rest of their lives. We are educating the young people who, guided by our values, will be doctors, scientists, lawyers, accountants, entrepreneurs, business leaders, and the future leaders of our Jewish community.

100th Day of School

Each year brings positive change to The Silver Academy and this year is no exception. We have new teachers, teachers who are returning to teach at Silver, new programming, new directors, and new ideas. Our physical space has decreased, but our safety and security procedures have been updated and improved. The energy and excitement found in our halls and in our classrooms is contagious. We invite the community to visit and get rejuvenated, revived, and renewed!

Our educational philosophy supports the notion that learning is a process that leads toward a bright future. At The Silver Academy,

Science Lab

we believe that social and emotional learning are essential building blocks necessary to achieve success in school, work, and life. As a team, the professional staff at Silver develops competencies in the areas of self-awareness, building relationships, self-management, social awareness, and responsible decision making in each and every student. As educators, we know

these skills are teachable and are therefore seamlessly integrated into every aspect of the school environment. It is the culture at The Silver Academy to educate the whole child. Students are constantly learning new information and skills that prepare them not for the standardized test, but for their futures. We are proud to partner with parents and community members, and it is because of these partnerships that we offer the best education in Central Pennsylvania. The Silver Academy is about the power of hope and a future without hatred and war, the power of believing in yourself and your fellow man or woman, and the power of potential to achieve whatever you wish to achieve.

Kindergarten's Big Bags of Letters and Alphabet Art

Thank you very much to our families and friends and to the Harrisburg community for their continued support of The Silver Academy! Your ongoing assistance enables the education and development of the future Jewish leaders, in Harrisburg and elsewhere.

Thank you to all of the individuals who participated in the EITC opportunities for The Silver Academy. Your participation truly makes all the difference to a family seeking a Jewish Day School education for their child. Every dollar raised through EITC is used to fund need-based scholarships. We are so grateful for your support. If you prefer to be listed by name in the future, please contact us to make that change.

EITC-Education Improvement Tax Credit

The Silver Academy

Central PA's Jewish Day School

“By the breath of children, G-d sustains the world.”

Talmud Bavli, Shabbat 119b.

Thank you for your support of The Silver Academy! Our children experience a quality day-school education thanks to your commitment. After-lifetime gifts help to secure the financial future of our beloved school. Thus, The Silver Academy is proudly participating in our community-wide legacy initiative.

These individuals have made a commitment to continue to provide a Silver Academy education for our children in the future. **Please join them and ensure the Jewish future!**

The Jewish Community Foundation of
Central PA is sponsoring our collaborative,
community wide legacy program.

The Silver Academy Foundation

supports the interests of The Silver Academy and advances traditional Jewish education. Generous contributors started making “endowment fund” gifts to The Rabbi David L. Silver Yeshiva Academy in the 1970s. These gifts and others grew until the school’s board recognized it would be prudent to place these funds into a separate entity, independent from the school. Founded in 1993 as a 501(c)(3) organization, the Foundation received its initial funding from these early investments held by The Silver Academy. An independent board manages the Foundation’s assets. These initial investments have been supplemented by additional contributions made by friends of the school. This grew to well over one million dollars in the first decade of our existence.

For the last few years, an average of over \$150,000 per year has been advanced to the School for scholarships and to supplement the budget. No dollars were advanced in the 2018-2019 school year thanks to the generosity of the school’s donors and the individuals now investing in the school through the EITC program.

We thank you for helping support our school from generation to generation.

It is our honor and privilege to educate this generation of Jewish children.

As we celebrate our 75th year, we highlight our current students whose siblings, parents, and grandparents attended The Silver Academy.
